

June 1st is **International Children's Day**.

We wanted to take the opportunity on this day to thank you again for all your support. We would like to share with you a few ways your help is making a difference in the lives of the children we work with.

Education

M'Lop Tapang's education programs are helping children like 10 year old *Lavouch* who have never gone to school before. [Read more about Lavouch's story.](#)

For some children that can't attend regular classroom programs, our Mobile Library program provides learning opportunities.

Nutrition

[Child nutrition remains a very serious problem in Cambodia.](#)

With your help M'Lop Tapang continues to provide hot, healthy nutritious lunches to hundreds of children and youth attending education and training programs. For many, it is the most important meal they have that day.

Healthy Fun

Organized or informal recreational activities can help help children to learn something new, increase self esteem, and make new friends.

Every once in a while, these activities can have a major impact in a child's life, as was the case with 15 year old *Rith*. [Read more about Rith's story.](#)

June 1st is a very special day for us. It is not only International Children's Day, it is also M'Lop Tapang's birthday! It was 14 years ago in 2003 that we opened our first registered center for working with children in the Sihanoukville area.

A huge thank you to everyone who has helped us grow and improve over these last 14 years. We could never have done it without your encouragement and support.

M'Lop Tapang has been working with disadvantaged children, youth, and families since 2003.
